

WHO WE ARE

mysogi

Mysogi Company Limited is a tech company that specializes in Digital marketing. We most recently developed a web-based digital campaign manager which can be used by corporates and SME's for targeted marketing. Our aim is to help organizations drive digital campaign models via a collection of tools, specifically developed to manage the design process, generate leads and improve user responsiveness and efficiently deliver advert contents.

MYSOGI'S DIGITAL HUB₃

DIGITAL DISPLAY BILLBOARDS

One way that you can increase your digital presence is through the use of display boards.

Display boards gives you the opportunity to make stunning, visually appealing content to further engage and attract the eyes of your customers. It also provides brand consistency that businesses need to reach a variety of potential buyers or customers.

Leverage Mysogi's smart technology to keep your display board content relevant and timely for your targeted audience, from the comfort of your phone or laptop!

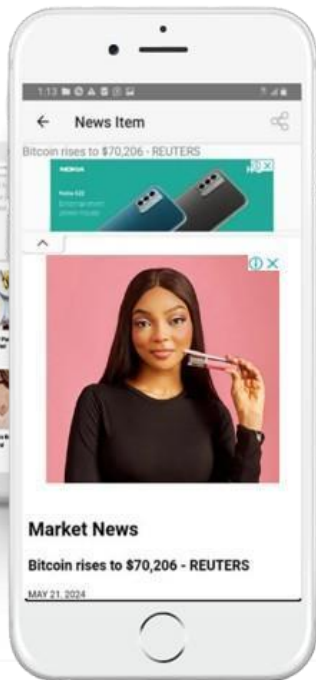

#thesmartadcompany

mysogi

Promote your business on our billboards

for as low as ₦30,000

DIGITAL DISPLAY ADS

DIGITAL ADS

We will use programmatic display to reach your target audience when they consume relevant content on the network. We will combine the best targeting approach to reach your audience.

Sites
Specific

Target relevant audience, by placing ads on regular sites that they visit

In-Apps/
Mobile

Carefully select apps that are mostly used by the TG and capture their attention with visually compelling creatives

Drive awareness on relevant display channels & build frequency to enhance top of mind awareness & drive traffic to your desired landing page.

SNAPCHAT

Snapchat Strategy

An average snapper spend +38 mins a day on snapchat, open the camera 30x on an average daily.

This Gen Z & Millennials are mostly found on this channel. This creates ample opportunity to create immersive experience leveraging the Discovery, AR Filters & Story Ad features

The strategy is to create awareness, consideration and conversion leveraging the platform.

FACEBOOK AND INSTAGRAM ADS

We will leverage the Facebook and Instagram platform to showcase customer ads while ensuring each ad is showcased to a wide audience and reaches the intended target market by utilizing a robust setup on each platform.

Sites Specific

Target users based on their website activity, email lists, or interactions with the company's Facebook or Instagram page to reach the most relevant audience.

Campaign specific goals

Carefully curate campaigns for each users goal such as awareness, traffic, sales, and more to ensure maximum visibility and ROI

SEARCH ADS

CAMPAIGNS

Run text ads all year round to reach target audience whenever a search around “Keyword” related content is searched online.

Keywords would be used to create strategic ads (search ads) to drive traffic to the website

These Keywords would also be used in creating content articles and will be implemented all over the brand’s website to rank high within Nigeria in terms of search volumes.

MOBILE APP DOWNLOAD CAMPAIGNS

With the Mysogi platform, you're able to optimize your targeting and bidding for specific campaign objectives like getting app downloads, getting more app users, or more in-app actions from already existing users.

- **Display app install campaigns**

Display app install campaigns allow you to show ads for your app on the Display Network and inside other apps. Display app install campaigns can be used with either Android or iOS.

- **Search app install campaigns**

This enables you App to search for in google app store etc.

- **YouTube TrueView**

This campaign allows you advertise your app on YouTube and video partner sites.

- **Universal app campaigns**
